

**sonim<sup>®</sup>**

# “Pacific” Kickoff

Prepared for AT&T | FirstNet  
June 2024

# Agenda

- Sonim overview
- AT&T Product Positioning: Channel, FN emphasis, other AT&T business groups
- PACIFIC: Overview, Specs, Schedule
- Accessories
- Additional Sonim Software, Services, and Solutions

# Our mission:

**Support and grow**  
**AT&T's 5G business**

**Deliver solutions** to help your  
customers work and live better

# With over a decade of industry-leading, **ultra-rugged** mobility solutions

Sonim serves the  
people who serve us.

Solution Focus

Service-Oriented

Business & Mission Critical

**Because in  
your world,  
every mission  
is critical.**

Public Safety  
Construction  
Oil/Gas/Chemical  
Utilities  
Manufacturing  
Hospitality  
Security/Facilities  
Healthcare

Parenting  
Education & Childcare  
Active Consumer  
Transportation &  
Logistics  
Agriculture

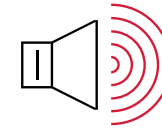

# Devices so tough, we hold them to a higher, more rigorous set of standards.

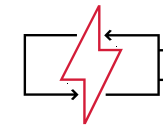

Testing should be at the core of any rugged device.  
But to build the world's most rugged, simply meeting  
industry standards is not enough.

So, we exceed them with  
**Sonim Rugged Performance Standards.**

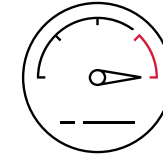

## RPS Criteria

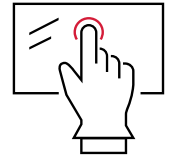

Extra-Loud  
Audio

Dual-Shift  
Battery Life

Operational  
in Extreme  
Temperatures

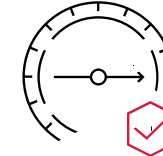

Glove Friendly

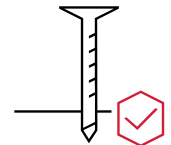

Water-proof  
IPX8

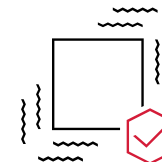

Dust-proof  
IP6X

Pressure  
Resistant

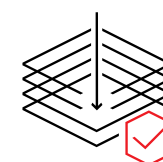

Puncture  
Resistant

Shock  
Resistant

Chemical  
Resistant

Drop/Impact  
Resistant

3 Year  
Comprehensive  
Warranty

**Rugged Performance**  
is more than  
datasheet bullet  
points to Sonim.

**It's in our DNA.**

More than  
640,000 **Sonim**  
ultra-rugged  
phones sold by  
AT&T / FirstNet

# 15 Year Strategic Partnership

2024

# With Sonim you get more

Proprietary rugged  
performance  
standards

Value-driven  
modern design

More protection  
for more use

SonimWare device  
management

Peace of  
mind

MDF, GTM and  
sell-thru support

Flexible inventory  
management

Commitment to  
Quality

Flexible and strategic  
partner that knows  
AT&T / FirstNet  
customer pain points

Unique value. Better specs. Long-term partner.  
Competitive pricing. Sell-thru commitment.

# Pacific

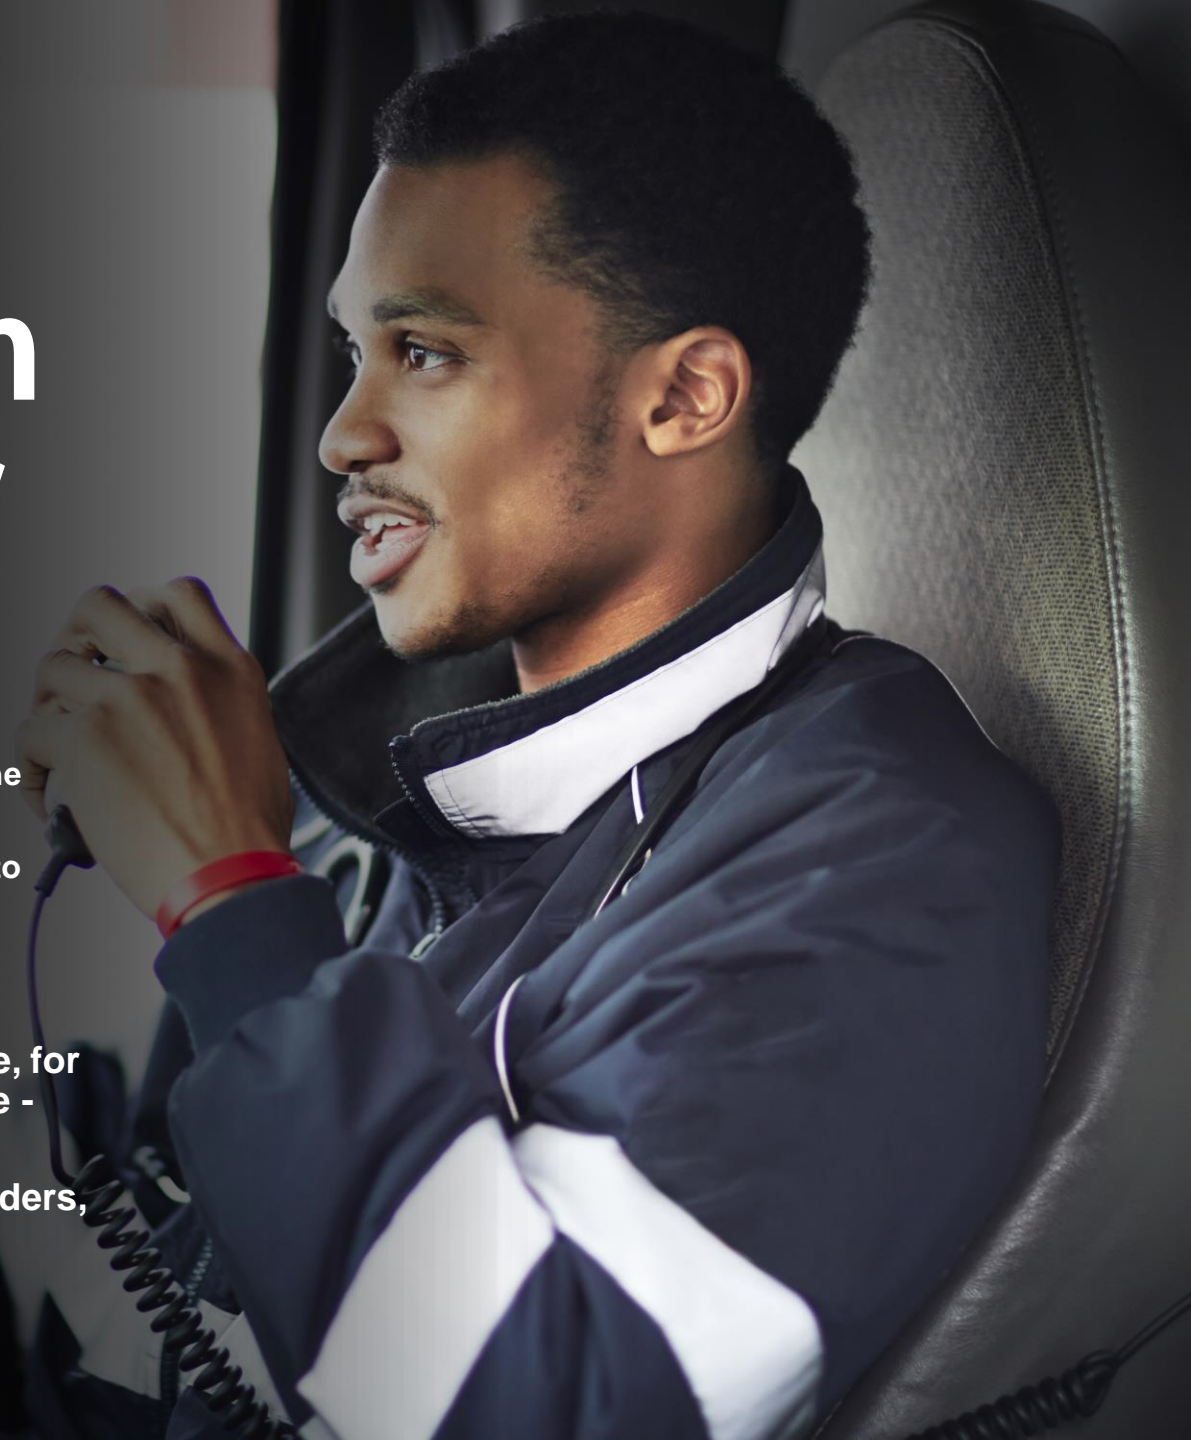

Mid-Tier - 5G Smartphone (Rugged)

# A new paradigm of resilience for the everyday.

**Pacific:** Designed and engineered for unparalleled toughness, with all the features of an ultra-rugged phone, disguised in a low profile.

More than just a phone—this Next Generation Sonim XP is a testament to discreet durability, designed to withstand whatever comes its way.

- 3-year comprehensive warranty
- Slim, light, easy to carry, low-profile
- Quick access programmable button for PTT, camera, flashlight, etc.
- SOS button
- SecureAudio connector Gen 2
- **Waterproof. Droppable. Unstoppable, Unrecognizable, for wherever your work – and life - takes you**
- **Best suited for: First Responders, Enterprise, SMB, Prosumers**

# Pacific

# Look inside every Sonim ultra-rugged exterior to find: **SonimWare**

**Our free, comprehensive set of software tools, applications and utilities that are ready to help improve the management and productivity of your mobile ecosystem.**

# SonimWare

**Sonim's comprehensive software that puts the "ability in durability."**

**At Sonim we understand it takes more than just a rugged phone running the standard Android OS to meet the needs and requirements of our customers.**

That's why we created SonimWare, a comprehensive set of software tools, applications and utilities designed specifically to serve your organization.

SonimWare improves efficiency, increases productivity, removes common mobility impediments, and allows you to transform your operations.

**SonimWare provides solutions in key areas, including:**

- Device Provisioning and Deployment
- Application Management and Updates
- Enterprise Security
- Productivity and Safety Tools
- Remote Troubleshooting, Diagnostics and Support
- Expansive Third-Party Application and Solution Support

**SonimWare currently includes:**

- **Sonim SCOUT** – our free, intelligent solution for device configuration, management and support
- **Sonim SCAN** – a 1D/2D barcode scanning application
- **Sonim SOS** – our free safety/alarm application
- **Sonim CLOUD** – our web-based administration console

**SonimWare brings value and usefulness to people throughout your organization:**

- End-users
- Operations
- IT/Device Administrators
- Supervisors and Management

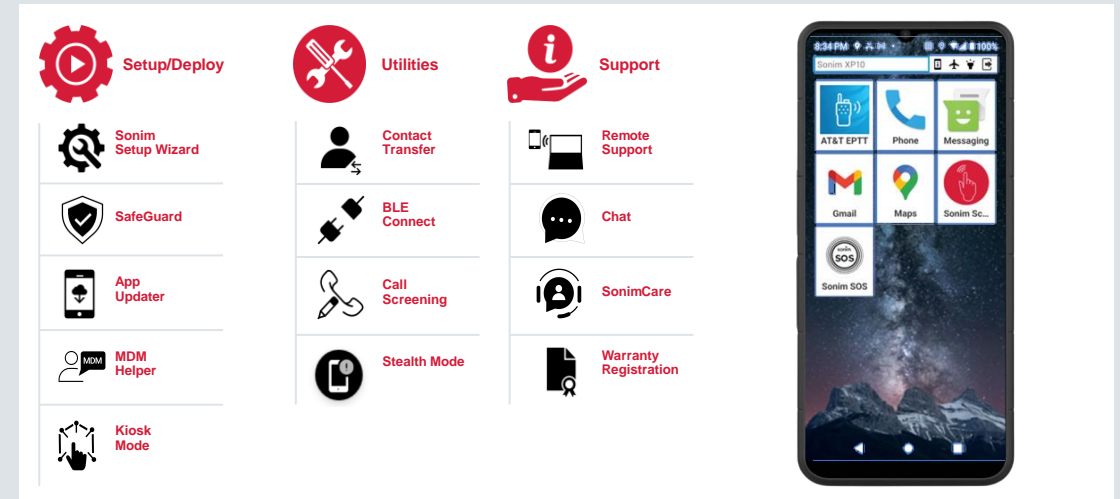

SonimWare  
/SCOUT

Software &  
solutions

# Device management and support as reliable as our devices are durable.

Think of SCOUT as Sonim's digital agent that handles everything related to device setup, deployment, management, over-the-air updates, and customization.

When used with CLOUD, Administrators can easily make changes and control how devices are used in the field.

## Features & Benefits

### Fast, error-free deployment with **SCOUT**

Utilize a Sonim SCOUT's over-the-air capabilities to save time and simplify setup and deployment of large numbers of devices

### Keep apps current with **App Updater**

Install or update applications silently over-the-air or by informing Users that new updates are available

### Control app and feature usage with

#### **Sonim SafeGuard and MDM Helper**

Block usage of selected apps and features, ensuring devices are optimized for work related functions

### Customize devices for maximum productivity in **Kiosk Mode**

Optimize device screens by customizing and limiting access to apps which are productivity or safety related

### In-field, real-time troubleshooting and guidance with **SCOUT Remote Support**

Immediate and comprehensive device guidance anytime and anywhere

free with each device

Customer  
service

# FirstCare on-site service

## FirstCare Deployment Prep Work

- FirstCare and Sales team connects with carrier sales team and customer with at least 30 day lead time
- Sales team completes the Sonim Deployment Worksheet outlining the deployment, including Scout where appropriate
- Determine size and scope of team needed
- Define training requirements
- Engage with necessary partners (Kodiak, NetMotion, Actsoft, etc.) to ensure customer gets full support from all partners

## FirstCare Deployment Execution Team

- Scalable depending on size of on-site effort
- At least 1 FirstCare manager to support on-site efforts
- Create 1-pager documents to familiarize end users with their new device and review specific "how-to's"
- Conduct end-user training or "train the trainer" specific to their use-case

## FirstCare Post Deployment Efforts

- Establish quarterly check-in calls with carrier sales team and customer to review field usage satisfaction and address any training opportunities, performance questions & any new product/accessory availability review.

# Thank you.
